Huge Crowds Expected At Orinda Open House

Orindans by the hundreds are marking on their calendars the date of Friday, October 3—one week from today—when the long-awaited two-day Open House begins.

Al Baer, chairman of the Chamber of Commerce merchants committee, said that almost every firm in town is taking part, and preparing attractions expected to draw overflow crowds to free demonstrations and exhibits.

"I've never seen anything like the way all kinds of firms, utilities, and the Armed Forces, have joined hands to show Orindans how the community functions," Baer said.

THE BIG show opens next Friday at 6:30 p.m. and will continue until 9:30 p.m. The following Saturday exhibits and demonstrations will continue from 9:30 a.m. to 5:30 p.m.

Getting from one point to another will be easy—Friday night free bus service will be provided to take spectators on a shuttle service running between Orinda, Orinda Village, and the Pacific Telephone & Telegraph building.

There will be refreshments at many stores, and others are making gifts that will attract youngsters as well as adults.

Seldom has a community turned itself inside-out so that the public can see what makes it go as Orinda will do next weekend.

HOW TO repair shoes will be demonstrated as well as how long distance dialing works.

At the Post Office, arrangements were being made for a demonstration of how mail is sorted and dispatched. The Fire Department will show how its resuscitator equipment works.

Another story in The Sun carries the list to date of those firms which will open their doors to the public a week from today.

Orinda Newcomers Club Donates to New Library

The Newcomers Club of Orinda met recently at the home of Mrs. Wilfred L. Clearman. Mrs. Donald Krotz, guest speaker, spoke about the many activities, church, civic, and social, to be found in Orinda, all extending an invitation to new members.

Mrs. Arthur K. Flanagan, president, opened the business meeting, and members voted to give a donation to the new Orinda Library. Plans were discussed for the organization of two new activities, a garden section and a literary section. Following a discussion, the chairman of the year book committee, Mrs. Roland Forster, passed out the new year book to the newcomers.

The Newcomers Club of Orinda extends an invitation to all newcomers to Orinda to attend any meeting as guests with no obligation to join. Those interested may call Mrs. Lester W. Chaney at DR 6-4648. Regular monthly meetings are scheduled for the third Wednesday of each month, and the October meeting will be held at the home of Mrs. Roland Forster on October 15.

The Newcomers' three bridge groups also met recently. The Couples Club, and also the daytime group, met at the home of Mrs. Arthur K. Flanagan, where the host and hostess captured top honors.

The evening bridge group met at the home of Mrs. Charles Berlenbach, where top honors were taken by Mrs. James Nichol. Hostesses for the three events in October will be: Couples Club, Mr. and Mrs. William Dorsey; daytime, Mrs. Clifford Bowler; and evening, Mrs. Lester W. Chaney.

In addition to these three bridge sessions a canasta group has also just been organized, and will have its first meeting at the home of Mrs. Roland Forster, on October 7.

THE STARS OF Laurel Junior Branch's "Fashion Matinee" luncheon, scheduled for Friday, October 3 at Diablo Country Club, grace the stage door in the smart town clothes they will model at the Chilren's Hospital of the East Bay benefit affair, to which 600 luncheon guests have been bid. Mrs. Ralph P. Hill of Orinda, at left, Mrs. Mel Nielsen, center, and Mrs. David E. Fink, both of Lafayette, are pictured as they arrive for rehearsal. U. S. Threatens Suit for Costs of Repatriation

The United States government has threatened to sue Paul F. de Bruyn Kops of 150 La Espiral, Orinda, for $2,193, the cost of repatriating him and his family from Japanese prison camps.

"The government has been handing out gifts to Japan for 13 years and yet wants me to pay," said Kops, who operates the Pemko Manufacturing Company in Emeryville.

After the Japanese marched into Shanghai in 1941, Kops lost his interest in a business, a law library, his household effects and an automobile.

SIX DAYS before the Japanese took over, his wife, Theresa, and their two sons, Charles, then six, and Paul, then 4, left the city for the United States.

But the ship on which they were aboard was stopped at Manila and Mrs. Kops and her sons imprisoned in the Santo Tomas prison camp.

In February of 1943 Kops was jailed in Shanghai. He was finally able to get himself and his family included in an exchange of civilians arranged by the Red Cross, and the family finally arrived in the United States.

KOPS SAID that first the State Department, then the General Accounting Office, and now the United States Attorney's Office have tried to collect on promissory notes he signed to obtain food while in Pootung Prison near Shanghai, and for the voyage home.

Kops pointed out that persons who lost businesses and property in the Philippines as a result of the Japanese invasion have been compensated, as have Japanese-Americans interned in the United States who suffered loss.

But he and others caught in the Far East by the war have received no compensation for losses, Kops said.

Linda Axelson Sorority Pledge

Linda Axelson has recently been pledged as a member of Alpha Delta Pi sorority at the University of California at Berkeley. Linda is the daughter of Mr. and Mrs. V. R. Axelson of 76 Davis Road, Orinda. She attended Acalanes High School before enrolling at the University.

Schevill Appointed To School Board

Carl E. Schevill, supervisor of the teaching of foreign languages at the University of California, has been appointed to the Orinda Union School District Board of Trustees.

Schevill, who served as a board member for 1955-58, was appointed by the County Board of Education to fill the unexpired term of Carl R. Muerk, who resigned because he was moving from the area. Schevill's term will end in June, 1959.

At a special meeting of the school Board Monday, directors worked on trimming the cost of the addition to the Glorietta School, on which bids recently for the second time exceeded the limit of $129,699 set by the State Allocations Board.

Trustees decided to eliminate the following items: Aluminum sun louvers running the length of the building, many cabinets, radiant heat from the kindergarten, a platform from the multi-purpose room, and skylights and bookshelves in storage rooms.

In addition, trustees decided to let several contracts directly. These include the installation of a new boiler so three classrooms and the library can use the same heat, and considerable electrical work.

Directors estimated that total savings would come to about $20,000.

Fred E. Turner of San Francisco was low bidder on audio-visual curtains for 25 classrooms in district schools at a cost of $3,032.

Reports were given by Glenn McNicholas, director of the summer school; Ted Boyce in charge of the recreation program, Frank Isola on outdoor education, and Peggy Rathert and Don Mahler, in charge of the experimental class for children of high ability.

Sheaff said architects would be asked to submit plans for the school to be built on the Wagner Ranch site. Two units with a total of 30 rooms are planned, but no approximate cost has been set, Sheaff said.

Maurice Ellison will direct the chorus and Stephen Lohr will accompany.

Church to Hold Series of Talks

WC vs. PG&E Issue Will be Heard by PUC

A hearing will be set probably by early 1959 by the Public Utilities Commission on the controversy between the City of Walnut Creek and the Pacific Gas and Electric Company.

The city has claimed that the company is not carrying out its function as a public utility when it refuses to furnish underground electrical service without additional charge to the Walnut Bowl, now under construction at Main Street and Botelho Avenue.

PG&E asked for dismissal of the complaint, but this was denied. PG&E has claimed that it should receive an additional $39,000 for the extra work involved in running the electrical lines underground, rather than overhead.

Here's What to See at Big Show Next Friday

There will be so many places to go and things to see next Friday evening when the Orinda Open House begins that it will be hard to see everything, Al Baer, chairman of the Chamber of Commerce merchants committee, said yesterday.

He was completing arrangements for a display by the Port Chicago Naval Base of types of guided missiles.

Here are some of the other features of the Open House, and additional ones, Baer noted, are in the making.

Worden's Travel Service will show slides of vacation spots around the world.

The Orinda Sun will have an exhibit showing how newspapers are produced. The display will be located in the Grubb Real Estate office across from the Orinda Theater.

Pacific Gas and Electric Company will show a cutaway model of the atomic power plant at Livermore and show a moving pictured, called "License No. 1," concerning its operation.

The Army will show and explain the operations of a Nike missile.

At Station No. 1 the Fire Department will demonstrate the use of resuscitator equipment.

Greyhound Bus Lines will make available for inspection the latest model in transcontinental buses.

MAYNARD BUEHLER, former chamber president, will show "the eight most powerful rifles in the world."

Permission was being sought to have tours of the Post Office so that patrons can see just how mail is sorted and dispatched.

James Lucas is arranging for a display by architects in the area.

Central Valley National Bank will give candy, cigarettes and cigars to guests, and conduct a free drawing in which prizes will be savings accounts. First prize will be $50, the second $25, the third $15, and there will be 12 for $1 each for youngsters under 12.

A demonstration of shoe repairing will be given by the Village Shoe Shop. Women will be given free heels, and there will be gifts of popguns for youngsters.

Tommy Horton Cleaners will demonstrate cleaning and pressing equipment.

Ogden's will present a fashion show and conduct free drawings for sweaters.

FREE ICE CREAM cones will be provided by Polka Dot Restaurant.

Moraga Valley Nursery will give demonstrations on methods of planting and plant care, and repot plants free of charge.

Sprouse-Reitz will give away "do-it-yourself" Christmas decorations and serve refreshments.

JUST HOW direct distance dialing equipment works will be one of the mysteries demonstrated when guided tours are provided through the maze of equipment in the telephone building, one of the few times the public has been permitted to see such a system in operation.

In addition to direct dialing, telephone company representatives will show how the automatic computing system works.

On the PT&T parking lot will be manned displays including hole-digging rigs for telephone poles and microwave demonstrations.

Theft Reported By DeLaveaga

Dick DeLaveaga, Orinda service station operator, left his wallet on the kitchen counter Saturday evening at his home in Walnut Creek, 181 Springside Road, and a thief apparently came in through an unlocked kitchen door and stole it.

De Laveaga said the wallet contained $219.79, mostly in checks, and requested customers to inform him of the amounts they'd given him that day, and to stop payment on the checks.

High Estimates Delay Slide Job

Higher estimated costs than anticipated have delayed a plan for stabilizing slide conditions affecting several homes in the Altamount Drive area of Orinda.

Residents had worked on plans with the Central Contra Costa Sanitary District to share costs on work to be done.

But estimates by contractors have greatly exceeded the previous preliminary engineering estimate of $12,000.

Overdraft of Expenses Still Due

$1300 Still Receivable On Home Authority Books

By BOB RAPIDA

Some $1329 remains to be paid to the Contra Costa County Housing Authority by three commissioners who were charged of overdrawing expenses last June 16 by the 1957-58 Contra Costa Grand Jury.

The Sun learned from T. E. Elliot, acting director of the authority, that of a total of $1578.80, which the grand jury ordered should be paid back within 30 days, only $249.78 has been paid back to the county agency.

GEROULD GILL, who according to Elliot is the only commissioner who has been making regular payments, still owes $535.47 of a total of $685.25.

James Woods, a resigned commissioner of the authority, still owes $309 of a $409 overdraught.

Edward Nichols, commissioner, owes $485.55 of a total of $485.55. Elliot commented that Nichols has not as yet made a payment.

THE COMMISSIONERS last June 16 signed notes at four percent interest following the directive of a special committee of the Contra Costa Grand Jury chaired by George Johnston which had made an investigation of charges of irregularities in the operations of the authority.

The overdraughts for expenses were first brought to light by a brief survey of expenses of the Contra Costa Housing Authority which was conducted by The Sun.

LATER, THE SUN met with a committee of the Grand Jury to bring these matters to the attention of the full group.

The Sun was unable to determine on whose authority the commissioners were allowed to sign the notes rather than pay the full $1578.80 within a 30 day period as prescribed in both a special report issued by the Contra Costa Grand Jury and in the Annual Report of the Grand Jury issued last July.

ELLIOT NOTED he was not acquainted with the background of the repayment on the expense monies, since he had been recently assigned to the Contra Costa Authority from the Benicia Authority.

William Hale, Jr., past foreman of the Contra Costa Grand Jury was in Southern California when The Sun attempted to interview him. Johnston of El Cerrito was unavailable for comment.

The Sun was informed by the District Attorney's office in Martinez that District Attorney Francis Collins would not be back in his office until this morning when The Sun attempted to learn whether the permission had been granted by his office.

COUNTY AUDITOR Howard McNamer stated that the money would not be collected by the county since there was no county money involved.

McNamer said the matter had been discussed, but the funds would be paid back to the Housing Authority since they were housing authority monies.

The Sun learned early this year, during the felony trial of Ronald Howard, resigned executive director of the Contra Costa Housing Authority, that some $18,000 had been spent by commissioners and employees of the housing authority on junkets throughout the state and country.

AFTER AN INVESTIGATION by the grand jury and federal investigators, the three commissioners were ordered to pay back their "excessive drawings." This amount was determined to be $1578.80.

Howard is now serving an 18 month term in federal prison after he was found guilty in federal court of stealing pipe from the Public Housing Authority; Warren Harrold, who was named director after Howard, is at bed rest following a recent operation.

ELLIOT COMMENTED he did not know who had the responsibility of assuring that the money was paid back to the authority, but would look into the matter following questions asked by The Sun.

The Contra Costa Housing Authority is, in part, a portion of the executive branch of the federal government. It is under the direction of the Federal Home and Housing Agency and the Public Housing Administration.

No local tax monies are used for the operation of the authority, since it is supported by rents paid by occupants of low rent housing areas.

FEDERAL MONIES are used, however, for the administration of the local housing agency.

The Contra Costa Grand Jury in its report noted that perhaps the entire housing authority should be placed under the direct supervision of the county.

At present, commissioners are appointed by supervisors to serve four year terms on the commission.

COMMISSIONERS ARE Gill, chairman, appointed in 1941, when the commission was formed, re-appointed recently by W. G. "Bud" Buchanan, supervisor of District IV; Al Aljets, appointed after Woods resigned by Mel Nielsen, second district supervisor.

Nichols, appointed 1949 by third district supervisor Ray S. Taylor; Wilfred Carpenter, appointed 1941, re-appointed by Supervisor Jake Friedrickson in 1955. Supervisor from fifth district, at present, is Joe Silva.

Suburbia Scribblings

By MARIE MONAHAN

Jangle Nerves and Dang Those Curves

PROGRESSIVE NOTE: One of our friends reports that her six-yr. old son who is an avid newspaper & SatEvPost reader, rushed to greet his father the other night with—"Well, Daddy, didja bring the New Yorker?"

CAR TROUBLES . . . There was heavy car traffic over the El Toyonal route one day last week, the same day Orindan Margaret Hinde, who teaches school in Danville, was stuck in the very middle of the Broadway Tunnel. Her car wouldn't budget! (The fear of this happening has always plagued us.) But Margaret survived, altho' traffic bound this way was stopped & jammed up as far back as the Claremont Hotel. Ten minutes was all it took. Oh, jangle those nerves!

Sightem—A Greyhound Horse Van cautiously coming down El Toyonal from a delivery to the Grizzly Stables and stopping at each narrow curve to let out a few fancy race horses. After bus got around the bend, back in went the horses, and so on and so forth, ALL the way down the hill.

And the new freeway wasn't open but a few days when what was found Sat. morning in the ditch behind the Village? Getting its nose very wet? A pink Lincoln Capri and how come & Who Do? Also, a school bus on El Toyonal, just missed by a hair, getting a hit from a car-in-a-hurry! And Sun. morning sightem—In the wee hours, a man in formal dress out lending a tired shoulder to a station wagon & its owner who were completely blocking the road along El Toyonal nr. Canon—having run out of gas. Don't blame EVERYTHING on we women drivers!

Golf Balls Grow in Their Garden

DIABLO COUNTRY CLUB members celebrated their 10th (Tin) Annvy. last Saturday night and the grand old girl, who really dates back in part to the stage-coach era, never looked prettier. A silver-sprayed tree suspended orchids in the lobby and decorations throughout were silver and white. Jackie and Spence Archer were a smiling twosome, he having golfed all day, Jackie wearing a fetching frock bowed THAT BIG in back. The Archers were in the cocktail contingent gathering at the Bud Dozier's Diablo home on the 18th hole. (Those Doziers come by MORE darn golf balls that way!)

GLIMPSED in the festive formal throng . . . The Frank Walkers, Georgette with an acct. of The Holy Niners Dinner—her group of golfing Diablo ladies . . . Vi and Harold Caldwell with the Walkers, SHE looking like Stardust with sequins and rhinestones splashed on a white silk sheath. Jill and Bob Miller were there with his sister Jean and her husband Samuel James of Danville. Jill's shell-pink lace worn prettily with the delicate orchid leis, one of which was gifted each lady guest. Kenneth and Helen Brown . . . The Len Bullises of Lafayette.

The Don Joneses and the Marvin Bakers are both expecting early '59 editions!

WOW, WHAT A LUAU! And did THAT lady Ethel Tyrrell entertain! Sounds like she's the Hostess with the Mostest judging from the rave reports of her neighborhood Hawaiian Luau given a few Saturdays ago. She must be a stickler for system—how else could she do ALL that without her husband around—Bill being a Navy Man and currently away bounding around Europe.

There was a handsome (that's hardly the word!) whole roasted pig, with cherries for eyes and an apple in his mouth, collared with parsley and done to a turn, 2 whole baked King Salmons, and marinated Chicken Hawaiian . . . The Stan Sorems, Philip Fields, Robert Hansens, Don Owens, John Hopkinses, Robert Boyles were just SOME of the NATIVES of Sleepy Hollow dancing to Hawaiian music.

Doesn't Anybody Ever Stay Home

THERE WERE FRESH orchid leis flown in from the Islands for everyone, and such a variety of costumes or Hawaiian dress on guests who, in the main, only had to come a few blocks to feel a touch of the tropics . . . The Charles Gibbs were there, their son's sailboat part of the decor . . . And the guest list further included the William Talbotts, John Boyens, Ed Bergens, Yates and Cornelia Bleuel, Harlan Dupuis (Whew! MORE coming!) Joseph Nicolais, Robert Neylands, Robert Walkers, Mark Nobles, Channing Kilburns, Hans Muldners and the Paul Staffords with Virginia's house-guesting cousin Don Kennedy along. The Frank Gillespies were there, too, Mardie the Hula Hoop Champ in the contest that had everyone in hysterics. She admits she's done a LOT of practicing at home.

AND WHILE we're on hula hoops; might mention that Evie Roberts is in a class by herself. Showed up at a Hula-hoop coffee at Wishy Sage's one morning (You gals forming classes for it?) mit her own homemade hoop—indeed novel—a SQUARE one!

ANOTHER ANNIVERSARY, a 25th, tomorrow night for Poplar Branch of Children's Hospital who will party and premier the beautiful new University Club Clubhouse in Oakland. The adjectives describing the evening's diversions in the invitations are de-luxe, and after reading "superior cocktails, excellent band, wonderful Dancing, light Buffet, old friends, good conversation, club Tour, gorgeous view, exquisite door", oops, "decor", we particularly like the last line, like one in the aforementioned New Yorker: "NO raffle"! Who's going? Well . . . The Rollin Moores, Bud Coburns, Bill Gilmores, Phil Champions, Cole Huntleys, Harry Clarks and Robert Wolcotts.

The fashion-luncheon for Booth Memorial Hospital at the Paul Handlery gardens September 14 featured The Relaxed Look and one model was so-o-o-o at ease that her shoe just fell off her foot, almost tripping her at the rim of the pool and giving the new Irene Theis ensemble a darn-near dunking!

THE INDIAN SUMMER afternoon brought out a bevy of summer frocks and sunbacks. It was seemingly hot enough for sunstrokes, too, but thanks to the Champagne Bar to quaff the thirst, the handsome pool floating flowers like a big Trader Vic's specialty, and the far-reaching boughs of the majestic oaks lending shade, it was a delightful place to pass the soaring temperature.

How'd Y'Expect T'Get Your Day's Work Done?

Tabled together, a foursome of Evie Hopper, Jane Jacobus, Betty Lyman and Barbara Ferrone . . . Under an umbrella, (at a table of course), was Jean Vicars, Libby Wilson, in pretty aqua-pink paisley print, marine-blue shoes to match, taking a turn around the Handlery's attractive new bathhouse addition . . . Mildred Pridemore wearing cranberry beads to HERE. Hostess Ardyce Handlery breezing by as cool as one in a yellow, white and black bold plaid halter-top number . . . Her sister Lonnie Currier in a swoon over one of the smart dresses she modeled, (esp. good on her), a version of the "dancing daughters" dress of the 20's, soignee and swish in black.

CALENDAR DATE TO CIRCLE for the Orinda Community Church Women's Guild Circle Tea—Xmas gifts and gewgaws on sale during the affair Tuesday, October 14, 2-4 at the Sleepy Hollow home of Vera Long. And just to remind you. Tonight is the Hukilau, or the Hoolaulea, well, anyway that wonderful Hawaiian evening given by the same guild members at the John Dorr resi-

PLANS FOR THE YEAR are being made by Lions Club oficers who met recently in Oakland. They are, from left, Al Baitx, secretary of the Moraga Lions Club; Neno Davi, Pittsburg secretary; Thomas Aspland, district governor, Pittsburg, and Bill McElhinney, Moraga, chairman of Zone Six.

COMMENDATION RIBBON with medal pendant was awarded Capt. Earle K. McLaren of Orinda (left) by Major General Raymond W. Curtis for meritorious service as chief of Plans Division, Joint Military Assistance Group, Korea. Presentation was made in Seoul, Korea. Captain McLaren's wife, Barbara, and one son live at 42 Camino Lenada, Orinda, and another son attends the US Naval Academy.

Dondero Will Be Dean at College

Dale Tillery, dean of instruction at Contra Costa College, San Pablo, will leave the staff at the end of the fall semester to go to University of California to become supervisor of a new internship program for junior college teachers. Mr. and Mrs. Dondero reside at 17 Via Las Cruces with their three young children.

Colvig New Choirmaster

The appointment of Richard Colvig, Berkeley music teacher and associate of the American Guild of Organists, as choirmaster and organist at St. Stephen's Episcopal Church, Orinda, was announced this week by the Rev. Albert Lucas, rector.

Colvig, who holds degrees of Bachelor of Arts and Master of Arts in music from the University of California, was selected from a large group of applicants by a special committee of the church. He has served for the past three years as musical director at Christ Episcopal Church, Alameda.

After receiving his master's degree in 1949, Colvig traveled in Europe for a time and then returned to Berkeley, where he established himself as a piano teacher, accompanist and composer. He later studied organ with Newton Pashley, organist at the First Presbyterian Church in Oakland and dean of bay area organ teachers.

In addition to his duties at the church, where he will direct both the junior and senior choirs, Colvig will study this year at the University of California for a degree in library science.

He fills the post left vacant at St. Stephen's upon the resignation of Donald Aird, widely known bay area choral director and organist, who left to study for a doctorate at the University of Southern California.

dence. Mary and John have been wonderfully generous with their home and are now involved with plans for the new home they'll have when, like the birds, they fly south in the winter. We'll miss that Mary Dorr muchly and wish that we both had had more time to get better acquainted.

Another family will be missed too. The Robert Magills and their children are shuffling off to Chicago.

AND BEFORE WE FORGET THIS ONE . . . My, how times have changed! One mother who reads aloud a lot to her tykes told us that her little son is especially fond of the book "Alice In Underwear." (Yeah, yeah, Lewis Carroll's!)

FLASH . . . Ruth and Bill Clyatt are beaming over their brand new boy, Robert Lee—and to quote Southerner Bill, proud papa, "That's Robert Lee . . . NOT Robert E. Lee".

Alumni of Eastern Women's Colleges will hold a 7-College Tea on September 30 at the home of Mrs. Robert (Carol) Sibley in Berkeley. Localites planning to attend are Mesdames W. CACOPHONY MAY WELL be as good a word as any to describe the antics of the Guckenheimer Saur Kraut German band which will appear during the Broadway Shopping Center Birthday Party October 3. A nationally famous group, the band is composed of leading Bay Area businessmen who specialize in "Music for Non Thinkers."

Broadway Birthday Will Offer Many Fun Events

"A huge birthday cake, a prize-filled contest, bands, shows and rides, are all planned to make the Seventh Broaway Shopping Center Birthyday Party the grandest event ever," said George Webster, chairman of the Broadway Merchants Association.

"Broadway Bid 'n Buy Showcase" featuring thousands of dollars worth of prizes, Webster stated.

"PARTICIPATING FIRMS in the birthday celebration will display quality merchandise in the showcase and the person who guesses the most accurate total value of all the gifts will be awarded everything in the showcase," Webster noted.

"All that is necessary to win," Webster pointed out, "is for a person to pick up an entry blank at any of the participating stores, fill out the blank with the estimate of the total cost of all the items and return the blank," stated the chairman of the sponsoring organization.

"But, there is a lot more in store for visitors during the birthday party, October 2 to 18. We'll serve coffee and delicious cake and there will be something very special in the cake for our guests," Webster hinted.

INSIDE CERTAIN pieces of cake will be merchandise orders wrapped in aluminum foil.

The coffee and cake will be served Friday evening, October 3, 7 to 9 p.m.

Also Friday night, October 3, the famous German Guckenheimer Sauerkraut Band, a nationally famous group, will play for the entertainment of guests.

Scheduled for the following day are fashion shows at Goldman's, Joseph Magnin, Elsie's Sportswear and Country Girl.

SMITH'S AND GRODIN'S will display men's fashions in each of the shows.

Showing in the Joseph Magnin show will be Expectation Shop and Kladezee will show children's and sub-teen clothing in the Country Girl show.

Fair Play Group Seeks Equality in Housing

By NORMAN COLBY

The Fair Play Council assumes that the 24 or more non-white families now living in Central Contra Costa County will grow in numbers, and that the so-called "integrated community" is preferable to "bunching" or "ghetto-type" developments.

The Council members, however, are still discussing whether "education" or "action" comes first in their program which, ". . . works for equal rights under the law and equal opportunities within society, and affirms the dignity of every individual, regardless of race, religion or creed."

The first meeting of the group this fall was held September 18 at Las Lomas High School. The meeting was open to the public, and was attended by about 20 members and visitors.

THE BY-LAWS, which have been in the preparation stage for several months, were read in their nearly-complete form. They will be approved in the near future, and permanent officers will be elected.

Fair Play Executive Director Gibson Gray, a chemist who lives in Concord, conducted the meeting.

The members talked about the concept of "integrated housing", which exists in fact now in this area on a small-scale—also lines of action, and a current problem in "Holbrook Heights," a Concord subdivision.

The Council itself is concerned with Walnut Creek, Lafayette, Pleasant Hill, Concord, Alamo, Orinda and nearby areas.

A TAPE RECORDING was played. The recording was made by Gray, Mrs. Lillie Chase and Sylvia Obradovic. It had been played on Radio Station KTIM, previously.

Comments on tape included the following: housing is the one area hardest to break down, when it comes to reducing discrimination in "northern" communities, despite the financing arrangements possible under a home mortgage credit program, now in effect.

In Central Contra Costa, a climate of opinion favorable to the location of non-whites should be fostered, tape recorders agreed.

Members have been told by many homeowners that they do not object to the buying of homes by negros or orientals, but they do worry about what the neighbors would say.

ALSO, THERE are some 24 or more negro and oriental families in the central county already. Some of them have lived here for many years. Others are newcomers, and in many cases caused apprehension when they first moved in, before acquaintenances were made.

Gray and Mrs. Chase agreed that the presentation of arguments on the tape, "left much to be desired."

The "how" of arranging housing for non-whites, and reducing the apprehension were reviewed briefly in the general discussion.

The education phase include contacting area residents who are interested in the principles of "Fair Play" and seeking new council members who can help this program.

A BIG FACTOR has been the cooperation of several church ministers. The Central County Ministerial Association two years ago spoke in favor of a negro's right to live in Gregory Gardens, Pleasant Hill, after a number of to protest.

The action phase of the program includes the keeping of a "housing file", which enables a non-white family to be introduced to a potential home seller. The Council is the go-between, but receives no money. There are several real estate salesmen in the area who cooperate with the council, Gray said.

The council tries to keep informed of cases where non-whites are denied the right to buy a home for racial reasons, but its members have agreed that they will intervene only when requested.

For that reason, they have been greatly interested, but have not delved into the current situation at Holbrook Heights, Concord.

IN THE MIDST of considerable dissention, a negro woman and her two young children have moved into the subdivision, which issues a swimming pool membership with the purchase of a home. Residents there have questioned the advisability of allowing her and the children the pool privileges.

The Fair Play Council members have also talked about forming small speakers' groups, which on invitation, could present arguments and statistics favoring the "open community" and equal housing rights.

The "why" of equal housing rights was voiced by Council member Mrs. Betty Reid.

She said that it is important for all children, white, negro or oriental, to learn that, "We are all human beings together . . ." "and can live together in peace."

SHE ADDED, "If the community is not aware of the problems, segregation will occur here. This would mean all negros and orientals in one area and all white in another.

"We are as much against an all-negro area, or area heavily populated with negros, as we are against all-white neighborhoods. This would mean ghettos, and this will not be good for anyone."

Mrs. Reid continued, "The negros and oriental people like fresh air, sunshine and more room, too. That's why many of them with the financial means prefer a suburban area."

She concluded, "They have a perfect right not to like my being here—as is the case with anyone else, white or colored—but they do not have the right to move me out."

THE COUNCIL MEMBERS also discussed those factors which have been listed as drawbacks to efforts for integration. They include alleged depreciation of home values, fear by residents of loss of social status, and the possibilities of intermarriage, as emphasized in the South.

One member said that a study should be conducted which she believed would show that home values in Walnut Creek have not fallen, where negros and orientals have moved in.

The fear for social status can be lessened by the influence of community and church leaders, another member commented. As regards the intermarriage problem, Mrs. Chase asked, "Do we really marry our neighbors? I don't know."

Other problems are the danger of "panic selling," which has occurred in other Bay communities. In the Eichler tract, and other local areas, residents have moved out due to the establishment of a negro family, but in almost all cases, the home vacated was sold to another white family, and at a higher, or steady price.

GRAY said that he hopes to talk with realtors in the near future, and establish more complete understanding which might make services more readily available. He recognized that this is a matter of individual preference with the realtors, he said.

He said, "I know we have emphazised action in our program, but I would like to remind you that we should be humble, and take care not to irritate people."

Near the conclusion of the meeting, a Holbrook Heights resident said he had been asked by a Holbrook resident from the South, "We are always talking about minority rights. Doesn't the majority have any rights?"

This led to a discussion on whether majority rule can apply in a neighborhood as it can in an organization or political group.

Firms Urged To Join in Open House

All Orinda business firms were urged yesterday by Al Baer, chairman of the Chamber of Commerce merchants committee in charge of the Open House to be held Friday evening, October 3 and Saturday, October 4, to take part in the event.

"With more each day reporting plans to participate," Baer said, "this Open House promises to be one of the outstanding events of its kind in Central Contra Costa County.

"The enthusiasm and interest shown by utilities, the Armed Forces and large firms has been most heartening.

"But the most important part of the Open House is participation by each store, so that the public can get a real picture of what Orinda offers."

Baer pointed out that many hundreds will visit Orinda during the Open House.

"I urge every merchant to open his doors," Baer continued, "and show the public what makes your business tick.

"This Open House can be a tremendous success only with the fullest cooperation of every store in Orinda. Your store, in turn, will benefit to the extent of the effort you put into it.'

Baer asked that all firms which have not already done so plan exhibits or demonstrations, decide on refreshments or souvenirs, and inform him.

He may be contacted at the Village Shoe Shop.

Neighbors Go To Barbecue

A barbecue and street dance was held by residents of Castello Road and upper Camino Colorados September 6, with about 125 persons attending.

THE TRAFFIC around here is getting a little too heavy for wildcats. The one being held by Harold Long, 3309 Glenside Drive, was struck when it tried to cross the road in front of Long's automobile on Bear Nido road above Happy Valley.

Water Tunnel Studies Begin

The East Bay Municipal Utility District has awarded a contract to Kaiser Engineers of Oakland to make geologic and location studies for a proposed new Lafayette water tunnel, according to Harold W. Saunders, EBMUD director.

When completed, the tunnel will be used to transport additional quantities of Mokelumne River water to San Pablo Reservoir.

"The Kaiser Engineers' studies will be used to select the best route or the new tunnel," Saunders said. "They also will outline the design of the new water tunnel, based on the route and geologic findings. In addition, Kaiser Engineers will prepare a cost estimate for construction of the tunnel, and will furnish a report to EBMUD containing their findings and recommendations."

Saunders declared that the contract is to be completed in one month's time. The size of the new Lafayette Tunnel is also to be determined as part of these studies, Saunders added.

The new tunnel will extend from the vicinity of EBMUD's Lafayette Filter Plant to the Orinda Filter Plant 3½ miles away.

"This study by Kaiser Engineers is a part of the district's 10-year construction program authorized in June by the passage of the $252 million bond issue for water development," Saunders stated. "It will pinpoint the location of the proposed Lafayette Tunnel and its costs."

To Walk Or To Ride... That Is The Question!

Will our children walk to school or will they ride?

If they ride, which ones will ride, and how far must they live from the school they ttend before they are entitled to bus service from the school district?

Why have the school districts taken the attitude they have toward school bus transportation?

Just how safe is it for our youngsters to walk to school along the narrow, curved roads that infest much of our county?

Why do we have to use $15,000 school buses instead of cheaper ones?

This is an imposing list of questions, and there are a lot more. Many of them remain unanswered.

One obvious fact has emerged from all the recent hassles about school bus transportation. The problem is not as simple as it may appear on the surface and it is going to take a good deal of understanding, study and mutual cooperation to get the matter straightened out to the satisfaction for all concerned.

Consider this state formula, for instance.

The maximum cost for operating buses any school district can pay is five cents on the tax dollar IF, and that's a big if, it adheres to the state's mileage formula.

Now, here is the mileage formula.

The state will pay ALL operating costs on school buses above the five cent tax limit if the school district does not provide closer transportation for school children than three/quarters of a mile for kindergarten through grade three; one mile for grades our through eight and two miles or grades nine through 12.

The catch is this. If any school district transports children within these mileage limits, then the school district bears the entire cost of their transportation . . . the state does not pay a pro-rata share.

Then there is the big problem of capital outlay for buses. A top-grade school bus, the kind we need for some of the terrain that must be covered, costs between $12,000 and $15,000. The state is very nice about this. After 15 years it pays the replacement costs of the buses.

The only catch is that in the Acalanes district the oldest bus is about eight years old and in the Mt. Diablo Unified it is nine years. Both districts have borne the capital outlay costs on buses since the beginning.

But the parents have a problem too. It isn't safe for some of these youngsters to walk to school. We don't have sidewalks in most of the area, and there are some terrifically busy thoroughfares for the youngsters to cross.

In the winter time the situation is worse than ever.

What are we going to do? It is obvious that if we want bus transportation we are going to have to pay for it, and it is not cheap.

On the other hand, we keep hammering at the school boards to cut costs and operate more efficiently. It is interesting to note that although bus transportation was curtailed in most of our districts, this was not the only economy invoked. In most cases teacher salaries were held at the present level, except for incremental increases, for time of service and education.

We must face reality. While transportation of pupils is not the primary business of any school board, it is so closely allied to the education of our children, especially in this area which is no longer "rural" that it cannot be ignored.

It is up to us as residents and parents to let the school board know how we feel about this. If we are willing to pay the bill and we want transportation, we must say so.

Of course, the school boards should not use pupil transportation as a club over the head of the public when they want a tax limit increase or a bond issue passed, but we do not feel that they have done this.

And then the final question. This is a problem now, but what is it going to be like in 20 years when we have a population of 225,000 or 250,000 people? What part will public transportation play in this?

There are many questions to be answered, and much study of the entire problem is needed.

And it will take cooperation and mutual understanding.

OK! Make It Funny...

By BOB RAPIDA

"Rapida! Come into my office!!!"

"Hmmm, the boss, wonder what he's got on his mind now," I thought to myself as I kicked my feet off the desk, took a swig of coffee, lit a cigarette and ambled back to the chief's desk.

"WE NEED A funny Staff Corner, Rapida. Write something funny!!"

"Funny?"

"Yes, Funny!"

"OK leader, I know just the ticket to put 'em in stitches," was my confident answer knowing full well on which side my paycheck was signed.

"Hey, Colby, what have you heard lately that's funny?"

"Well, Bob, whatever faculty it takes to retain in the memory anything that's funny I am lacking in — and this has proven to be a constant source of embarrassment since the age of three," offered Norm.

"OH WELL, Osborn always has a good one I'd better try him.

"Hey Dick, what have you heard lately that's funny?"

"There was a young lady from . . . etc."

"No Dick not limericks, something local, that's funny for Staff Corner.

"OH! that kind," he answered in a somewhat bored tone, "haven't heard a thing."

"THE BOSS SAID write something funny. I will write something funny, cause when he says write something funny he means write something funny regardless of whether it's funny or not," I was mumbling as I dialed the California Newspapers Publishers Association to see if they needed any unfunny reporters.

But, as I looked across the desk, I found the answer to my problem: Herb Caen's column.

"Hmmm, Caen always has something funny—A few moments later and 12 gossip items—Well guess it was a bad day for Herb, too.

"Will try Knave, Hometown, Question Mark, The City columns for ideas," thought to myself as learned that Cal Publishers do not need unfunny reporters.

After checking all columns, finding none funny, concluded that writing funny column is hard job. Harder job than writing unfunny column. Therefore, will continue to write unfunny column until boss finds out.

"RAPIDA, COME into my office," the intercom belched from across the desk.

"Forget that funny Staff Corner, we have got plenty of humor on the edit page for this week. Make it hard, tough and to the point," the EDITOR snapped.

"But, chief, I had the funniest, most hysterical, humorous item in mind, but you're THE BOSS!" was my reply as I raced out of his office, down to the classified department and canceled my work wanted advertisement.

NATIONAL BOARD OF FIRE UNDERWRITERS

FIRE PREVENTION WEEK • OCTOBER 5-11

Editorial Letter Reminds Joyce of Two-Edged Sword

By JOYCE BARNUM

Herb Martin's letter to the editor, last week, re fit punishment for drunken drivers is one that I keep remembering.

I hope that other readers couldn't forget the letter. And I hope that they've thought long and hard on this matter.

SOME EXCELLENT slogans have been set forth by the National Safety Council. "If you drink, don't drive" is as good advice today as when it was issued over 20 years ago.

Unfortunately, we are bombarded by catch phrases these days. Repetition dulls their effectiveness to the point where they are shifted from the thinking portions of our brains and are relegated to segments resembling storehouses of conglomerate material.

Pleas are heard on all sides to not drive when drinking.

A responsible, mature adult realizes the hazards of driving a car, even under ideal conditions. The powerful machine is a two-edged sword. It is a necessity to most families and a useful piece of equipment.

It can also be a lethal weapon.

THIS IS PARTICULARLY true when the driver has less than his normal capacities to operate the high powered vehicle properly.

Whenever the driver's reflexes are impaired or dulled by alcohol, his machine assumes the aspect of a weapon.

Recently our family had the terrifying experience of encountering a drunken driver attempting to maneuver his way over mountainous roads.

We kept a discreet—and what we sincerely hoped was a safe—distance behind the car ahead. The driver consistently headed for cars coming in the opposite direction, in his concentrated effort to avoid them. Oncoming cars were forced to the shoulder of the highway to avoid this hurtling missile.

There were many, many, extremely narrow misses in the 10 miles that we trailed the car.

WE ALL LONGED for the sight of a highway patrol car, but none came. Then quite abruptly, the driver stopped his vehicle on the highway and passed out cold.

We, in cars following him, ascertained that he was indeed drunk and not ill. His car was moved to the shoulder and when the next town was reached, the highway patrol was duly notified.

Those of us in our car were moved to such action hoping to save a life. We know of a youth so senselessly killed because a driver who shouldn't have been on the highway was.

What motiviated the people in the other cars, we don't know. Bue we were all appalled at the experience.

IF WE SOUND like Carrie Nation, that isn't what we're attempting to point toward.

But, driving while drunk is such a needlessly irresponsible act that we feel that the penalty for this should be so severe that no driver would take the risk.

The state of Connecticut revokes the driver's license of a drunken driver.

It's a very severe penalty—but drivers there think a long, long time before taking "one for the road."

And this stern measure does save lives.

FIRE DEPARTMENT

Dear Editor:

Having been a resident of Lafayette for 19 years and being closely associated with the men of the Lafayette Fire Department, it was a shock to hear of the recent changes made in the administrative personnel.

Not being in a position to honestly criticize or evaluate the administration, an opinion should not be ventured—BUT—the absolute and final power of three men, the Lafayette fire commissioners, to be able to reduce men in rank with no forewarning, adequate explanation or channel of appeal, is an appalling realization.

Any commission of this nature worthy of public representation should provide specific rights for the men of the department.

It seems grossly unfair that men risking their lives serving the public should be so governed by the commissioners.

Could it be that if any reorganization is needed in the department possibly it should start with the commissioners?

Do the members of the commission have the qualifications to represent the public and the men of the department efficicently and fairly?

Yours truly,
DAVID W. LONG

FIRE DEPARTMENT

Dear Editor:

Who's on first? For heaven's sake let's bring it out in the open. The recent changes in the administration of the Lafayette Fire District is a grand example of passing the buck. Who's to blame for the low morale? What are the charges? Why the chief and assistant chief? Where and when do the commissioners intend to place the blame next? Is this the way to keep good men in the department?

ON FLOODS

Dear Editor:

Like most residents who saw homes and schools flooded last April and in December, 1955, I am keenly aware of the danger of winter floods.

Our hopes for a future free of major flood damage may be realized under the proposed federal flood control project—a lined channel from Walnut Creek to the straits.

Congressman John Baldwin deserves praise for his hard work in expediting plans for this $24,000,000 federal project.

This measure probably will come before the House of Representatives' flood control subcommittee in 1959.

Since congressman Baldwin is the only Californian on that committee, it is in order for all of us who favor this project to write him a note to that effect.

SELMA M. KING

FORMOSA

Dear Editor:

You broke your own editorial policy of NOT discussing international affairs (Sept. 12). Having done so, I would like to take issue with your view which was perhaps summed up best in one sentence used by you—"Thus, we face a terrible war over a few unimportant islands located within three miles of the Chinese mainland."

The very view expressed by you, and by many other Americans, is actually the view of greatest risk.

In retrospect it says that the then Secretary of State Acheson was correct when he said our first line of defense was Japan, Okinawa, Formosa and the Philippines and thus invited the Communists to take over South Korea by implication. And the real estate involved in French Indo-China was relatively unimportant and also adjacent to China.

THE SUDETENLAND was extremely difficult for the allies to reach and so they were right in letting it go to Germany. Of course, it was absurd for France to have a mutual assistance pact with Poland against Germany when it was obviously in a bad position to reach.

The point that I am trying to make is that each minor acquisition by the Communists (or Nazis or Fascists—or Goths or Mongols or whatever period of history we examine), then makes new areas "not worth fighting about."

In terms of local conditions and readily understandable situations, you have frequently stressed the importance of home training so that the child who starts by breaking other children's toys and stealing 5 cent candy bars won't grow up to be the murderer and robber.

Yet we know that failure to act on small things with children is often the cause of juvenile delinquency followed by criminal careers.

The fundamental weakness in your argument is that to Americans there is nothing worth a risk of war other than actual attack on our first 48 states (I question really whether an attack on Alaska is considered serious). We are in much the position of the Romans—immediately before their fall. Our own prosperity is so great that we don't want the inconvenience of risks to maintain our liberty.

Your wish that the "U.S. should be in a position to determine when and where" in the application of a strong stand is wholly unrealistic. We could only do that by being the aggressor—since Russia has shown sufficient intelligence to take the initiative in those areas that Russia feels are "wrong" in terms of popular support in the United States.

RUSSIA WOULD continue to nibble away—to the point where even the positions we consider now as "right" will be considered wrong in view of the real estate holdings that will exist when they are finally threatened.

You have written often of your children—but if you will consider their children and succeeding generations I believe that you will come to the conclusion that whether you are protecting a free world or raising children, it is important to take a strong stand on all points, large or small.

The malicious breaking of something you were going to throw away should be as serious as the malicious breaking of your most treasured possession.

The aggression of Communist China against Quemoy should be as serious as Russian aggression against the United States.

To do otherwise is likely, in the first case, to produce a criminal; and in the latter case to forfeit our freedom.

Newspapers Do More Than Just Report the News

By HERMAN SILVERMAN

Each time you read your newspaper, you are receiving a special kind of report, a report you may not recognize. Your newspaper brings you something more than a mere recital of happenings. It brings you a report of your freedoms.

Does the federal, state or local government propose a new regulation which will restrict your freedom in some important respect? Does a court ruling cost you a right you have taken for granted? Does the ruling of a government bureau express contempt for your right to know how your tax dollars are spent? Does the decision of a school board curtail the freedom of your child to learn? Do criminals threaten your freedom to live in peace in your community?

The news stories which appear in the uncensored press of America raise and answer these questions. The news stories constitute a regular report of the state of your freedoms. The report is essential to the preservation of these freedoms. Armed with the information which reaches you in every issue of your newspaper, you are able to exercise your rights as a citizen. Through the exercise of these rights, you can protect yourself and your family from those who would take away your freedoms.

So in a very real sense your newspaper guards your freedoms.

An ever-continuing battle

The first article of the Bill of Rights was a milestone in the fight of the press to guard your freedoms. But it was not an end to the fight. Newspapers engage in a continuing battle against attempts from many directions to restrict the press as a first step in limiting all your other freedoms.

Some of these attempts to restrict the press are made by criminals who fear exposure. The editor who tells the truth about a gang of gamblers who seek to "move in" on a community risks bodily injury or even death. One of the martyrs of American journalism was Don R. Mellett, editor of the Canton (Ohio) News. Gangsters murdered Mellett in his own dooryard because he was trying, through a vigorous newspaper campaign, to break their hold on Canton's city government.

Some attempts are made by those who deny the right of the press to support what may be an unpopular cause. Another editor, Elijah P. Lovejoy, died because he supported abolition of slavery in his Alton (Illinois) newspaper.

This is the major threat:

But by far the most important continuing threat to press freedom, and consequently to other freedoms, is that posed by some government officials at all levels. Sigma Delta Chi, professional journalistic fraternity, recently issued a report on governmental secrecy. The report cites Department of Defense testimony to the effect that more than one million federal employees "are classifying security information," and that there is a higher rate of classification today than during World War II. Discussing governmental secrecy at the state and local level, the report asserts that in one state an investigation showed that "187 town and school councils, boards and committees were accustomed to conduct the proceedings of the people's business in secrecy, with the press and public barred."

Those in government who would seek to abridge your freedoms by attacking first the right of your newspapers to bring you information fall into three general categories.

First, there is the occasional crook who is elected or appointed to an office of public responsibility and trust. He seeks to avoid the light of publicity which the alert newspaper will turn on his activities. He may be an officer of the law who has made a secret pact with racketeers. He may be an official who is selling his influence to the highest bidder. He may be a custodian of public funds who is stealing your money.

When newspapers succeed in exposing such a person the story sometimes attracts national publicity. Such was the case of Orville Hodge, state auditor of Illinois, whose embezzlement went undetected until enterprising newsmen unearthed evidence which shocked the public and brought Hodge to a speedy trial and conviction. But for every Hodge case there are many others which are brought to light by newspapers with little publicity beyond the local community.

The incompetent official

Second, there is the official who is incompetent and who seeks to hide his incompetency behind a veil of secrecy. This is a particularly vicious matter when an attempt is made to justify the secrecy with a claim that national security is involved. It is a sad fact that many alleged "national security secrets" appear to be secrets only so far as the American public is concerned, but are not secret from our enemies.

Third, there is the often well-intentioned governmental official who is reluctant to trust the Amercian public with the facts. This type of official apparently does not believe in a basic tenet of our democratic system. That basic tenet is that the public, armed with information, will arrive at a wise decision. Convinced, it would seem, that he knows far better what is best than the public he is supposed to serve, this type of official seeks to deprive our citizens of that information which is essential to them in their exercise of the citizen's responsibilities.

It is with persons in all of these categories, private citizens and governmental officials alike, that your newspapers do battle in order to guard your freedoms.

When you hear that the press is in conflict with government on the issue of the right to gather and print the news, you may regard this as a "newspaper fight." Nothing could be farther from the truth. Such conflict is not a newspaper fight, but rather your fight. Whenever a newspaper anywhere loses in its efforts to bring to its readers the facts which will help them protect their freedoms, it is you who have lost.

On The Lighter Side

by INA BLIESNER • YE 4-3818

(Due to space limitations On the Lighter Side did not appear in The Sun last week. Here is the column that Mrs. Bliesner wrote—Ed. Note)

"Ta-ra-ra—BOOM-de-A"—the Lombardy gals did it again! It really WAS Barbary Coast night at the Orinda Country Club Saturday night. As we descended the poolside steps a panorama of "way back when" greeted our eyes.

There were scads of red checker-clothed tables complete with kerosene lamps, a huge mural of a western town bordered the dance floor, many smaller murals lined the bath house and depicted plume-hatted dance-hall girls, mustached gamblers and happy lovers on bicycles built-for-two, gay lanterns were laced from tree to tree and music by Paul Faria's orchestra added the final touch of authenticity.

Then there was the Lombardy's traditional "big-tent" which housed the many games. Busy Bea Comerford (chairman) and her husband, Art, threaded their way through the crowd to see that all was going smoothly and Mildred (Mrs. "Scat") Law and Peg (Mrs. Bill) Young greeted the guests upon arrival. We were among those who commented that the steaks just couldn't have been better.

And you should have seen the gals!

We, also, were among those whose eyes were popping at the amount of glamour girls attending. There was, especially, this svelte blonde (in one of the new wigs, yet) in all black and pastel mink stole whom I especially noted as I revived my husband from a dead faint.

Some of the many guests were the Bill Fisets (don't YOU love his TV colume?), Jim Kilpatricks, Gordon Marcas, Russell Pattersons, Richard Kendalls, William Arends, Thomas Howards, Bob McFarlands, Lloyd Heckathornes, Don Doyles, Mel Nielsens) (oh! that glamorous Cita), Sam Smiths, Hugh McIntyres, Bert Kohlers and Charley Phillips. The latter couple were just back from a nine month sojourn in Palm Springs.

Probably getting the most attention were attractive Caroline and Jim Read who are at home, at least temporarily, from a many months' stay in Spain.

Pat and Karl Matthes and children, Shelia, Rusty and Mark enjoyed a week of touring in northern California and southern Oregon. With no definite plans in mind they had a wonderful time taking in all of the points of interest along the way.

How to take a REAL vacation!

Joan Borgwardt of Lafayette flew to Hawaii last week leaving husband, Norm, home with "Caesar," the cat. He wasn't the least bit anxious until he received Joan's first letter describing her exciting trip. Consequently he virtually buried himself in household chores—much to Joan's delight. Sounds, however, like a strenuous way to overcome the "green-eyed monster."

Mr. and Mrs. Herb Phillips enjoyed visiting with the Don Smiths at their Rio Nido summer home. The "good old" Russian River brings back many nostalgic memories for many of us. They enjoyed their week-end of lounging on the beach and just plain relaxing.

Getting together for a barbecue last Saturday night at the Gene Arena's home were the George Burtons and the Bill Bagbys of Redding. Following a delicious dinner, they took advantage of the beautiful summer night and swam 'till the wee hours.

Heaps and heaps of spaghetti plus the usual "fixin's" were served at large candlelighted tables to hundreds of guests who attended the annual Barn Dance sponsored by the Walnut Brench of Children's Hospital. The dancers formed a kaleidoscope of color as they whirled, in their bright western garb, to the music of Bob Silviera's "Debonnaires."

The "hoe-down" was again held in Joseph Silva's barn in Diablo. Especially fun to watch was the exhibition given by talented square dancers. Preceding the dance, several parties were held in private homes. One of the largest was hosted by Lois and Terence Ring. Their guests were the Messrs. and Mmes. Arthur Johnson, Norman Buckhart, Douglas Matthey, Nick Carter, Carl Vendt, Robert Foley, Edmund Boero, Jules Lindsay, Vance Perry, Dean Spurgeon and Jack Davis.

Guests at a party given by the George Heims were the William Whites from Sacramento—in whose honor the affair was given—William Imbries, John Griffiths, Weller Phillips and Rome Gouleys. In Lafayette the Robert Preeces entertained the Alfred Sjerrys, Robert Harings, Merrill Neumanns, Lew Dotys and John McCorkles.

Pot-luck and swimming party . . .

Nine couples attended the Hummingbird's pot luck dinner and swimming party held at Claire and Lloyd Lawson's home. Helen and Vince Graziano have just returned from a heavenly vacation in Canada. They had such good luck with fishing that they were able to supply each of their neighbors with a nice, big salmon. (THAT does it! I have just finished taking care of two small nieces and one small nephew in order that their parents—from Fresno—might go on a nine day fishing trip up the Klamath River. You guessed it—they caught ONE salmon and you can bet it didn't end up here!)

The Dave Keller family spent two weeks in Minnesota returning by way of the Grand Canyon and Las Vegas.

Vivian and Bill Roberts and their youngster, Megan and Dong, have just returned from a two weeks visit in Monnett, Missouri, where they stayed with Mr. and Mrs. R. H. Roberts and also with Mr. and Mrs. M. J. Reynaud. On the return trip the Roberts stopped at Mesa Verde National Park in Colorado and at Arches National Monument in Utah. The Elton Swansons and two small sons, Larry and David, are safely back from their very first mountain camping trip.

ORINDA'S FOUR LOVELY candidates for the crown of Queen of Children's Hospital of the East Bay's annual Headdress Ball, calendared for Saturday, October 25 at the Hotel Claremont in Berkeley, were officially introduced to one another and to their voting public during the tea honoring all 10 candidates which Mrs. Wm. Harold Oliver, general chairman of the hospital branches, hostessed at her Estates Drive home in Oakland. Pictured at the tea table are, from left, Mrs. David Brunson, Cedar Juniors' candidates; Mrs. Oliver; Mrs. Victor Graber, Linden Juniors' candidate; Mrs. Heber H. Smith Jr., Heather's candidate; and Mrs. Owen Owens, sponsored by Acorn Branch. Mrs. E. P. (Ted) Sawyer of Lafayette, not pictured, who is the candidate of Orinda Branch, was in the East the day of the tea. —Betty Jane Nevis Photo.

Anniversary Celebrated By Diablo Country Club

By MARIE MONAHAN

Don't let the Old Girl fool you. She may have celebrated her "Tenth" last Saturday night, but just like a woman, she's holding some of her years back. Actually, it was the tenth anniversary for Diablo Country Club whose buildings, in part, go back to the era of stage-coach stops.

And because this was a celebration of such, the reorganization by members 10 years ago, and not her actual birthday, she got away with it. And she NEVER looked better!

The Indian summer evening put the pool and outside terraces at their prettiest. Inside, the vast room was aglow with thousands of tall white candles burning from beds of silver-spraved leaves and orchids, a candlelight centerpiece for every setting of 10 at the dinner tables.

THE BLACK-TIE gala affair got under way early with many of the celebrating throng coming from parties held at homes of members as well as those held on the grounds in chalet rooms at the club.

The choicest chore of all went to general entertainment chairman Jack Dawson and his wife Blenda who greeted guests and presented each lady guest with her gift garland of orchids flown in frosh from Honolulu that morning. At the entry, lavender-hued leis were suspended from the limbs of a majestic silver-sprayed tree.

Dancing to Henry Gallagher's music were James and Connie Bos, they in the early cocktail contingent at the Dudley Dozier's Diablo home as were the Spencer Archers, Kless Moores, Don Whites and Larry Moores. Eleanor and Len Bullis of Lafayette were in a partying group as were the Dudley Garveys of Pleasant Hill. Golf pro Norm Tauscher sported a fancy scalloped shirt front and there appeared to be a rash of red bow ties and cummerbunds on the men wearing white dinner jackets.

IN ANOTHER group were Tom and Billie Long, Jack and Jean Davis of Alamo. . . . The Frank Walkers came out from Orinda with the Harold Caldwells.

Georgette Walker is a member of the "Holy Niners," Diablo lady golfers group. . . . The John Prices dance-floor-bound as was Lu Armstrong in a black silhouette sheath under bouffant nylon. The Larry Curtolas, Terrence Ring of Walnut Creek conversing in a corner, Judge Les Foley, Frank Rossi, all football talk! The Robert Millers of Orinda were with his sister, Jean, and her husband, Samuel James of Danville.

Another glamorous grandmother . . .

Great news in the King Tolles household in Concord. On Admission Day they became the grandparents (and TALK about your glamorous grandmothers!) of a little red headed bambino. His name is Eric and his parents the Robert Johnsons of San Jose. Needless to say Vawn and King are champing at the bit to head that-a-way. Their younger daughter has just returned from "oh such a trip" to Hawaii. he was accompanied by her two very best friends and they were all feted, by their respective parents, with a large, garden, going away party just prior to sailing.

Wednesday was a big day for the Mary Doyle Unit and their their guests. Annually this unit presents its Fall Play Day and this year the setting was "Edgewood Farm" in Danville—the home of the junior Harry H. Magees. Following luncheon the guests relaxed around the large pool and litterally "drank in" the sight of the beautifully rolling hills complete with grazing quarter horses and Hereford calves.

Whoa there, podner, we're branding!

Of special interest was Mr. Magee's fine collection of branding irons (over 500) which are displayed in, naturally, the Brand House. Luncheon was served in the Round House and was followed by coffee and cake served by the Parakeets—the junior unit of Mary Doyle.

Mammoth dahlias floated in the pool but did not seem to hamper those who culdn't resist the water. Play clothes were the order of the day—and, as it was warm and wonderful—there was quite a display of colorful sun-dresses and such. These are some of the happy participants—Grace Katzer, Eleanor Carpenter, Mry Huenik, Petty White, Azela Woodburn, Doris Ausfahl and Claire Grimm, who is the unit's president.

On Thursday the pricing committee met to look over and price the lovely merchandise to be offered at the Therapy Center's Christmas Gift Box. You should SEE the "pretties" and you will —but more about that later.

Tuesday Morning Forum to Hear Dr. Evelyn Berger

The first program of the new fall series will be presented by the Diablo Tuesday Morning Forum at the Diablo Country Club, on Tuesday.

Dr. Evelyn Miller Berger will be the Forum's initial speaker.

Dr. Berger has known a wide range of people in various countries around the world.

A Phi Beta Kappa graduate of Stanford University with a Ph.D. from Columbia, Dr. Berger has served on faculties of several colleges. At present she is director of the East Bay Psychological Center in Oakland. Her topic is "Formula for Living."

Mrs. John Blemer is the Forum's new coordinator. She will be assisted at the first meeting by Mrs. Robert Bartlett, Mrs. Reginald Biggs and Mrs. Howard Flanders.

Mrs. William Hale Sr. will decorate for the occasion and Mrs. Stanley Friden will introduce the speaker.

Mrs. William Denault, Mrs. George Towle and Mrs. William Boyd will pour coffee at the 10 a.m. social hour preceding the 10:30 program.

Mrs. Hugh Miller and Mrs. T.O. Edwards will receive the guests.

The Forum programs are open to the public and tickets may be obtained at the door the morning of the lecture.

Patricia was given away by her father. She is the daughter of Mr. and Mrs. William Wood Wadman, Jr. of 17 Koala Court, Walnut Creek.

Gary Emerson, a nephew, was the ringbearer.

Patricia wore a silk organza gown with chapel train, a boat neck trimmed with mother of pearl sequins. Her veil was elbow length with mother of pearl head piece.

She carried a praverbook with a white orchid and stephonotis.

Marvin R. Emerson, the brother-in-law of the bride, was best man.

Earl Vasconcellos of San Lorenzo was best man. Marvin R. Emerson, brother in law of the bride. Emery Robinson, William W. Wadman III, the bride's brother, were ushers.

A reception was held at the Walnut Creek Women's Club.

Patricia attended Las Lomas High School, and Clifford attended Castlemont High School in Oakland. He plans to continue his studies towards becoming an architect.

Mrs. Fink Inspiration For Laurel Branch Tea

An incentive for a recent party was the candidate for the queen's crown at Children's Hospital of the East Bay's October 25 Flower Headdress Ball—Mrs. David E. Fink of Lafayette, Laurel Junior Branch's answer to the royal role at the Branch's Pageant of the Pacific.

For Mrs. Fink, nee Patricia Joy Donogh, was the beautifully appointed tea which Laurel Junior Branch hostessed at the Orinda home of Mrs. Edward Mannon, the former Marie Kohlhaas. As an expression of their pride in their candidate's regal qualifications for the role of Queen of the Pacific, Laurel Juniors had floated a crown-shaped circle of begonias in the Mannons' swimming pool at 6 Ranch Road.

In charge of arrangements for this afternoon affair was Mrs. Neil Thrams, who is campaign manager for her Laurel Junior Branch sister. Joining the honoree to greet guests were Mrs. Mannon and Mrs. Walter B. Snow, Jr., chairman of Laurel Junior.

Mrs. Fink, widely known by fashion show devotees as one of the Bay Area's most accomplished models, began her modeling career as California's 1950 Maid of Cotton, for which she was nominated by her college, the University of California.

More recently coordinating and commentating have occupied the time she devotes to her career, her private life being devoted to two small sons and David E. Fink, her husband, who is personnel manager in the Industrial Relations Dept. of the Continental Can Co.

Patricia Myers Becomes Wife of Alan K. Hendren

Their vows as man and wife were recited in Hillcrest Congregational Church September 13 by Patricia Ann Myers, daughter of Mr. and Mrs. Gilbert W. Myers, 714 Los Palos Drive, Lafayette, and Alan K. Hendren.

Patricia is a graduate of Acalanes High School and Stephens College, and the groom, son of Mr. and Mrs. K. Garvin Hendren of Bethany, Mo., is a graduate of the University of Missouri.

Following the ceremony, a reception was given at the home of the bride.

THE MAID of honor was Miss Donna Laney, and bridesmaids were the Misses Priscilla and Prudence Myers, sisters of the bride, Miss Nancy Indelicata, and Miss Wendy Gibbons of Barrington, Ill.

The best man was Robert Roberts, and ushers were Gary Sutton, the bride's cousin, Robert Brown, Nick Zoller, and Danny Riggia. The Misses Jerry Dress and Jane Haworth were candlelighters.

Patricia wore a gown of silk peau de soie, with the portrait neckline outlined by a wide band of re-embroidered Alencon lace. The front princess panel had a corded side and back, ending in a chapel train. Her open cap of Alencon lace was trimmed with seed pearls, and she wore a circular fingertip veil. Her bouquet was of white orchids.

The maid of honor and bridesmaids were attired in ballerina dresses of taffeta with front princess panels and harem skirts, with matching coronets of velvet grape leaves with clusters of pearls, and carried bouquets of pink orchids.

THE BRIDE'S mother was gowned in a royal blue and green satin sheath with flowing back panel and a crushed cummerbund rolled collar, matching blue shoes and a feathered hat.

The mother of the groom wore a champagne linen sheath with matching lace over a linen jacket with matching accessories.

After a honeymoon in Carmel, the couple will make their home in San Francisco.

'Skyline' is Jayceettes' Show Theme

"Skyline Silhouette" has been chosen as the theme for the fourth annual luncheon-fashion show to be presented by the Walnut Creek Jayceettes on October 4, at the El Nido Rancho, Lafayette.

After the 12:30 luncheon, members of the organization will model the newest fall fashions presented by local shops. Mrs. Harry Thompson will commentate.

Mrs. Donald Campbell, general chairman, has announced her committee chairmen.

A black and white theme will be used in decorations, table favors and programs, under the direction of Mrs. Harold Turner, Mrs. Cliff Davis and Mrs. Robert Richart.

Reservations are being handled by Mrs. Fred Sanders and Mrs. Robert Nagy.

Pittosporum Suggested

The name Pittosporum may mean little to you, but if you live in a home with an older garden, chances are you own one. For few shrubs have known more popularity over a longer time than the members of this evergreen family.

The Pittosporums — you pronounce it Pitt'o'spor'um—are not natives, but they take to California as though they were born here. They thrive in spite of neglect, take heat or fog and live with winter temperatures down to 15 or 20 degrees.

You've seen the two New Zealand Pittosporums used as hedge plants. Though they grow into trees, they can be kept to about six feet tall by three feet wide. Their trademarks are the wavy edges of their leaves. One of these, the Tarata Pittosporum, has lighter, almost yellowish leaves. The other, often called Black Pittosporum, has smaller, darker leaves and very dark, almost black stems. Both are excellent when clipped into tall hedges or screens. Unpruned they make an attractive small tree about 30 or 40 feet tall.

From Australia comes the most popular of all popular Pittosporums — the Victorian Box. Its dark green foliage has a lush, tropical quality about it that is welcome throughout the year. Its small white flowers impart a heavy fragrance on spring nights. In fact, its fragrance is a puzzle to many Californians who smell it each spring yet don't know the source. Victorian Box makes a 40-foot, graceful tree or can be kept by pruning to a large shrub. Since it grows three to six feet a year, it is ideal for quick fill-in in new gardens.

Japanese Pittosporum is a neat shrub with fragrant flowers that are more prominent than those of its cousins. You can use it as a broad, low hedge (though it won't stand severe clipping), as a specimen shrub, or as a foundation planting along the base of the house. Like all the others, it is both easy to grow and easy to live with. If you can think of a better reason for being popular, we'd like to hear about it.

Botanical names for the Pittosporums mentioned are: Tarata Pittosporum (P. eugenioides); Black Pittosporum (P. tenuifolium or P. nigricans); Victorian Box (P. undulatum); Japanese Pittosporum (P. tobira).

New officers are Charles A. Nelson, Lafayette, president; Mrs. Betty Hooper, Pittsburg, vice president; Mrs. Alicia Douglas, Danville, secretary, and Mrs. Florence Fox, Concord, treasurer.

Directors at large are Ned Kerr, Bob McCarthy and Sam Davis. Howard Hooper was appointed as training director.

In cooperation with the Walnut Creek Recreation Commission the Mt. Diablo Dog Training Club, Inc., sponsors obedience training classes each Wednesday evening at the Recreation Center, Walnut Creek.

Persons interested in dog training and obedience work are invited to attend these classes.

INFORMATION regarding the starting date of the next session may be obtained by calling Mrs. T. J. Bowen, class registrar.

A nominal registration fee is charged for the eight week course. It is $6 for adults and $5 for juniors, with classes for beginners being held at 7 p.m.

At the end of each beginner's session an obedience show is held, and the top four high scoring dogs and their trainers receive "trophies" as an award for their work. Classes for novice, open and utility dogs are also held on Wednesday evenings for those wishing to continue training their dogs for their CD, CDX and UD degrees.

Dorothy Peters, awards chairman, presented members with walnut and brass plaques inscribed with the name of their dogs, as a reward for their obedience work.

Prof. Back Out On Limb That Broke on Saturday

By SOSS OPPLE

The old Professor went out on the limb last week when he predicted the weekend games.

He was hot as the proverbial Fourth of July firecracker on Friday night's games when he picked every winner, but like the weather, he changed and was cold on Saturday as he missed every game he picked.

It's another round this week, however, and the picks will be closer all the way down the line.

IN THE PREP circuit Las Lomas plays at Crockett this afternoon when they meet with the John Swett Indians.

The Las Lomas Knights proved to be rugged in their opener when they walloped St. Francis High, 25-0, and while the Crockett eleven defeated St. Vincent's of Vallejo 14-6 they hardly figure to upset the Knights. It's Las Lamos, 20-0.

The Pleasant Hill Rams impressed as did San Ramon last Friday night when the Rams toppled the San Ramon Wolves, 14-6. The Acalanes Dons will be outweighed again, but off their showing against Alhambra they could surprise. The Rams have never defeated the Dons in football. The edge goes to the Rams on the dope sheet and to Acalanes on tradition. The pick, Acalanes 13, Pleasant Hill 13.

Biramonte opens today when it tackles Pacifica. It's Pacifica's first. It's also the Matadors' first second game and the Matadors' on a varsity team. Pacifica wins here, 20-0.

Piedmont is rolling as predicted—it defeated Fremont easily in their opener, scoring at will, and Oakland High gets the same treatment tonight — Piedmont, 26-6.

SAN RAMON plays Liberty High at Brentwood, and it's the San Ramon Wolves, 14-7. The Wolves looked good in the Pleasant Hill game despite a few defensive errors that cost them the ball game. They aren't apt to make the same mistakes tonight.

The Contra Costa Vikings lost, 40-16, to Oakland Junior College in their opener when they had four touchdowns scored against them in the final quarter and morale poses a problem as they play Modesto J. C. this week end. Pick them to bounce back. It's Vikings 20, Modesto 12.

College of Pacific impressed when they beat Cal in a thriller last Saturday. Pacific plays Arizona tonight. COP is high—pick the Stockton team, 20-19.

CALIFORNIA plays back at Michigan State—a long trip back but a longer one home. The score, Michigan State 26, Cal 8.

Stanford plays Rice. Racked in their first game, the Red machine needs lot of tuning up. They will run a bit smoother but not enough to win. Rice 20, Stanford 12.

P. S. The 49ers to win over the Pittsburgh Steelers, 34-21. It's in the script!

Pleasant Hill Rams Beat San Ramon Wolves, 14-6

The Pleasant Hill Rams and the San Ramon Wolves hooked up in the season's opener under the Danville lights Friday night and the Rams emerged with a 14-6 win—with the issue in doubt down to the wire.

The Wolves took a second quarter lead when they connected for six points in the second quarter when quarterback Mike Kyle hit end Mike Oaks with a 15-yard pass.

The Wolves held the lead until the third period of play when quarterback Jim Maples rambled back with a punt covering the 43 yards to the goal line and then running over the all-important extra point to make it 7-6.

In the fourth quarter Ram tackle Mike Ryan recovered a San Ramon fumble on the home colub's 18-yard line and it wound up with fullback Roger Foulks scooting the final 16 yards to score. Halfback Roger Leonard found a hole for two yards and the extra point, making it 14-6, which is the way it wound up.

San Ramon came back to threaten in the closing minutes, driving deep in Ram territory only to have it all blow up when Pleasant Hill's Steve Ipson picked off an aerial on his own eight and ran it out to the 25.

Ram coach Hal Briggs expressed satisfaction with his troops in their opener, but was quick to add that he "fears Acalanes tonight."

The game is to be played at Acalanes and he pointed out that the Rams have never won a varsity football game from the Dons.

The Dons, on the light side, put up a good show against heavily favored Alhambra last week and costly fumbles cost them dearly on three occasions.

Coach Briggs is standing pat with his starters while for Acalanes the only change is Jack Carman, who moves to the flanker spot, replacing Chris Rinne, injured in the Alhambra tussle.

The Rams and Dons both featured heavy scrimmage in early week work to iron out kinks and achieve more game condition.

Game time is 8 p.m.

Knights Win Opener 25-0; Play Swett Today

The Las Lomas Knights took a while to get going last Friday night, but once they did they rolled to a convincing 25-0 win over St. Francis.

It was a 0-0 first quarter and then the Knights hit the high road in the second period of play as they rolled to a touchdown while covering 67 yards in 10 plays. Clark Ransome at fullback scampered around left end for the final three yards and then booted the extra point to make it 7-0.

The second half saw scoring action in a hurry when Las Lomas quarterback Don Hopkins hit end Dick Dodge on a 57-yard pass play, making it 13-0 when the conversion try misfired.

In the third quarter the Knights hit for six points, twice climaxing a drive from their own 25 with a 46-yard Hopkins-Dodge pass, and it stayed at 20-0 when the conversion try missed again.

The final score came in the fourth quarter in six plays on a 41-yard drive with halfback Jim Hemstalk going around right end for the final six.

Ransome's conversion kick was blocked and it wound up 25-0 as there was no further scoring.

It was the Knights all the way as they held a 13-4 margin in first downs and held the Lancers in their own half of the field except for late in the fourth quarter when the visitors from Mt. View reached the Knights' 35-yard line. Ransome was a standout with his all-around play while Dave Weill and Bob Blower anchored a sturdy line.

The Knights play John Swett at Crockett this afternoon and while some changes are being made by Coaches George DeKlotz and Duane Lewis, the club is pretty well set.

Bob Gomez may get the call at right end while Mike Hair, who sat the opener out with an infection should see action at guard.

Junior Ken Bernhart drew attention for his fine play. He is up from the Jayvees and figures to see action as Ransome's replacement.

The Crockett game is set for 3:30 p.m. as no lights are available.

The Crockett Indians defeated St. Vincent's of Vallejo last Saturday night by a score of 14-6 despite having four touchdowns called back.

Ace of their attack is Jim Turner, 195-pound player who operates at tailback in the single wing and quarterback in the "T." He personally accounted for 143 of the Indian total of 274 yards.

The Indians have a good size club and should give the Knights a real test.

The duel between Ransome and Turner should be an interesting one as they rate as two of the Bay Areas best.

Dons Throw Scare Into Bulldogs But Lose, 14-6

The Acalanes Dons threw a scare into the Alhambra Bulldogs last Friday night when they scored on a long run in the opening minutes of play to take an early 6-0 lead and held on until the second period when Alhambra scored and converted to take the lead—never to be headed again, and eventually won, 14-6.

The Dons opened the game by kicking off to Alhambra and giving up but four yards in three plays. Guard Jerry Wolter was forced to punt on fourth down from his own 36 and safety man Bob Marello took it on his own 26.

BOB HIT UP the middle, cut to his right, and behind perfect blocking rambled 78 yards to score.

The Dons' attempted pass by Mike Kritscher for the conversion was batted down.

Alhambra took the lead in the second quarter when left half Rich McLaughlin ran to his right and passed to halfback Hal Sheperd, who ran to the score with the play covering 35 yards. Tackle Bill Kelleher kicked the conversion.

THE SCORE WOUND up 7-6 at the half, and while both bogged down on interception and fumbles in the third quarter, neither club scored.

Alhambra hit the scoreboard in the final quarter with 3:37 left on the clock. It came when McLaughlin found an opening at right tackle, broke through, cut to his left and outdistanced the field on a 58-yard touchdown run. Kelleher again kicked the conversion, making the count 14-6.

The Dons, with time running out, took to the air only to have Alhambra intercept and run out the clock.

STATISTICS showed Alhambra with an edge in first downs, 8-7, getting 191 net yards to 85 for Acalanes. Alhambra connected on two of seven passes for 55 yards, while Acalanes had 11 yards with two completions and six tries.

McLaughlin was a standout for Alhambra with his all-around play while tackle Jim Walker and end Dewaine Stults played good defensive ball for the Dons.

Hardtop Highlights

By JEAN McGUIRE

Santa Rosa's Hugh Purdy has just about evened up the score with Wally Baker, as far as point standings go. Purdy won the twenty-five lap main event last Saturday Night at Contra Costa Speedway, while Baker trailed way behind most of the race.

We were not able to discover just exactly what was wrong with Wally's number 5, but something definitely was.

THE LITTLE BLUE bomb usually takes anything on the track. Not particularly because of pressure (speed) but because the car handles so beautifully especially in the turns.

Where the faster Ford has to back off and take the turn carefully or risk a spin out, the Plymouth can go in at full throttle and run away from the pack most of the time.

"Hopalong Herb" Williams of Walnut Creek is fast becoming a very frustrated man. He's a great driver who can start from the rear and work his car into contention in a matter of two laps—and then Phht! the car quits on him.

This happened again last week in the second heat while he was in second place, and also in the main event.

ABSOLUTELY THE finest job of racing the fans will ever hope to see was done by Concord's Jack Huddleston. Not only the spectators but the other drivers as well voiced this opinion last week.

Jack started at the head of the pack in the final heat, and had worked his way skillfully almost to the leaders when he was hit and spun out.

He then retired to the rear again.

Undaunted, Huddleton floored the gas pedal and kept it there. In the four or five laps left in the race, the Concord jet passed every single car on the track and was the first to take the checkered flag.

He got through holes when there weren't any, and went by the really hot cars like they were standing still. If there was a trophy for the most beautifully driven race of the year, Huddleston would deserve it.

BUCK HOWE of Concord driving number 73 came in first in the C race. Howe, if you remember was the boy that was flipped and sent to the hospital a couple of weeks ago. Nothing bothers these drivers though. A flip is considered something that might happen any minute, and everybody accepts it.

PLEASANT HILL'S Jack Clayton took sixth in the main event, and Cliff Bennett of Pacheco was sixth in the second heat.

A 100-lap hardtop race to be run in three legs, similar to the famed Monza 500-miler in Italy, will be on tap tomorrow at the speedway.

Announcing the first race of its type in this area, promoter Jack London said the first two legs will be 33 laps each with a 34-lapper at the end.

Each leg will have a brand new start.

DRIVERS WILL compete for a guaranteed $750 purse, or 40 per cent of the net gate, whichever is higher.

The 18 fastest drivers will be eligible to compete in all three "mains." They'll be required to start with the car in which they qualified but may use any other qualifying car if their machine fails during the running of the race.

Points will be awarded for each leg of the main, similar to a regular event, and the driver ending with the most points in the three-leg totals will be the winner.

THE MONZA-TYPE main will following the running of two 10-car heat races and the trophy dash featuring first and second place cars in the heats.

Time trials start the unusual program at 7 p.m.

THE RAMS OF PLEASANT HILL will field this gridiron machine tonight against the Dons of Acalanes in Lafayette. Facing the Don eleven will be at end Bob Stice, tackle Walte Dathe, guard Lynn Freels, center Butch Crowder, guard Doug Eranious, tackle Mike Ryan, end Peter Jacobson; Jim Maples, quarter; Roger Foulk, full; Roger Leonard and Tom Webb, halfbacks.

The Orinda Country Club had some excellent junior mixed doubles played on its courts recently. Mrs. Beatrice Martin of Orinda put on the tourney for the juniors.

Silver Trohies were awarded to the winners. Mrs. Martin is an ardent backer of tennis in this area and is also an excellent tennis player herself. The juniors are already looking toward playing in her tournament next year.

Former Football Players At Acalanes Now Coaches

By ERWIN MATTSON

I see where two former Acalanes grid players are now coaching together. The pair are George Cockerton and Orlando Chiavini who tutor the St. Elizabeth High School eleven.

Cockerton was a top guard and tackle while Chiavini was a first string tackle.

Don Ferrarese, ex-Acalanes southpaw pitcher now with the Cleveland Indians has looked real good in his last outings. Hampered by a sore arm in spring training and a turned ankle early in the season, he had a hard time getting going.

IN THE LAST three games he lost a 12-inning heartbreaker, 1-0, then came back for a pair of wins.

Brett Williams, stellar end at Las Lomas last year, had a hard time deciding where to go to college. One time it was Utah, where his dad played ball, but he finally entered USC, which had been an earlier choice.

His brother Buzz played at College of the Pacific and is at present line coach at Acalanes.

Stuart Busby, Acalanes all-county fullback, is also at USC as a freshman.

THE GRID SEASON is well under way. Las Lomas and Piedmont were pre-season choices in the new football league. In early season games both showed potential all around talent particularly in the air.

Piedmont's Steve Wilcox threw three touchdowns of 40 yards or better while Don Hopkins tossed a pair for Las Lomas. The two clubs wind up the season and that could well be the big one.

One sport which receives little publicity is now under way with meets being held each week. The activity is cross-country, a form of full distance running. It is for the dedicated distance runners, and pays off in the spring when track as such gets under way.

The problem now is to get enough to run. Many could benefit as too few use their legs enough to hit top condition.

Diablo, with the largest enrollment in the area, didn't have enough runners to score in the Junior Varsity race held at Acalanes last week.

Low score wins in the event with each runner giving his number according to the order of his finish. It's the total that counts.

Mateadors Make Football Debut Against Pacifica

The Miramonte Matadors make their debut in varsity football tonight when they meet the Pacifica Spartans under the lights of Pittsburg High School.

The Matadors drew a bye last week but its all business from here on in as they play each Friday until the grand finale in mid-November.

COACH BOB BROOKS in his first year as head mentor has had his charges working overtime with stress being laid on defensive play.

The offense is pretty well settled and will get its real test when it meets up with th Pacifica Spartans who were in the winner's circle when they defeated Riordan High of San Francisco, 13-6.

Numerous fumbles held the Spartans in check a good part of the time. Chances are the Matadors will lose out on that score as the coaches will work overtime to correct it.

Coach Brooks reports a quickened pace in the Orinda camp as game time nears, and his first eleven is fit as a fiddle for the opener.

THE MATADORS have good size and good speed but lack varsity experience as this is the school's first crop of seniors and up to now it has been junior varsity ball.

At eight o'clock tonight the following are figured to get the starting call: LE Tim Crawford (190), LT Jim Boyd (185), LG Skip Nelson (145), C Milt Blake (175), RG Mike Wilmar (155), RT Tim Maloney (200), RE Bob Hudson (175), Q Floyd Blaney (155), LH Bruce Hilger (165), F Gordon Hightower (145), RH Rickey Clifford (160).

Seventeen Candidates File For Transit District Posts

Seventeen candidates including six incumbents will seek election to the board of directors of the Alameda-Contra Costa Transit District on the November 4 general election ballot. All seven positions on the board are up for election.

The period for filing nomination papers closed at noon Saturday with Clair W. MacLeod the only incumbent director not running for re-election.

McLEOD, WHO led the formation of the Transit District and served as its first president, said the demands of business together with other public responsibilities "forced me reluctantly to make this decision."

MacLeod also is a director and president of the five-county San Francisco Bay Area Rapid Transit District.

Election of the director of Ward I repesenting Berkeley, El Cerrito, and parts of Central Contra Costa County including Walnut Creek, will be a wide open race.

Robert K. Barber, president of the district and incumbent of Ward I, filed for director-at-large.

CANDIDATES FILING for Ward I were William H. Coburn Jr., 58 San Mateo, Road, Berkeley, an attorney; Richard J. Mitchell of 1170 East Elmwood Drive, Walnut Creek, professional engineer, and Thomas G. Paulson, 2611 Brooks Avenue, El Cerrito, realtor.

Filing for the two positions of director-at-large in addition to Barber were Col. Robert M. Copeland, incumbent director of 80 Norwood Avenue, Kensington; Eugene P. Cadenasso, account executive of 80 Vernon Street, Oakland; Herbert B. Kincaid, jeweler of 1815 Hopkins Street, Berkeley, and Edwin C. Perrin of 5834 Moraga Avenue, Oakland, a newspaper distributor for the Oakland Tribune.

Barber, an attorney in San Francisco, resides at 262 Yale Avenue, Kensington.

OTHER FILINGS were as follows:

Ward II — J. Howard Arnold, 1058 Pomona Avenue, Albany, incumbent, and Neal Higgins, 1785 Live Oak Avenue, Concord, industrial training director.

Ward III—John McDonnell, 5109 Cochrane Avenue, Oakland, incumbent, and William S. Billings, 1210 Seventh Street, Berkeley, manager of East Shore Lines.

Ward IV — William J. Bettencourt, 1213 Estudillo Avenue, San Leandro, incumbent, and John T. Muldowney, 1980 Harrington Avenue, Oakland, Southern Pacific switchman.

WARD V—Paul E. Deadrich, 2348 Second Street, Hayward, incumbent; Marvin T. Maynard, 19741 Louise Court, Castro aVlley, salesman, and Clyde W. O'Callaghan, 17049 Via Cielo, San Lorenzo, a Southern Pacific switchman.

SIGNATURES ON the nominating papers were being verified yesterday by the Transit District. A candidate whose papers failed to have 50 qualified signatures would not be able to run for election.

MacLeod, in a prepared statement, noted that though he was not seeking re-election, he has devoted his "best efforts" to the formation of the two-county district for more than five years.

"With the presentation of the bond issue to the public in November, the people of Alameda and Contra Costa counties will have the opportunity to provide themselves with better public transportation," he said.

STATING THAT he was "confident the bond issue will be successful, MacLeod added the result will be "improved, more efficient and more economical public transportation for the two East Bay counties."

MacLeod was referring to a $16,900,000 bond issue which the Transit District will present to the voters this November for the purpose of purchasing equipment and other facilities to improve and expand local transit operations in the area.

Symphony Ticket Reminder Issued

Howard K. Skinner, manager of the San Francisco Symphony Association, announced today that symphony season ticket subscribers who have not already done so, should place their 1958-59 season ticket orders for the Wednesday evening, Thursday evening, or Friday afternoon concert series of their choice, on or before Monday, September 29, the renewal deadline date, to ensure their priority in seating locations.

The forthcoming Forty-Seventh Annual San Francisco Symphony Season, which was announced one month ago, has already registered a great deal of enthusiasm on the part of Symphoney-goers.

Training Classes Held For Girl Scout Leaders

October augurs a busy month in Girl Scouting—new troops are forming, old troops starting again, and leaders of Brownies and Girl Scouts from Alamo to Orinda and all points between, comprising the Diablo Valley Council, are taking training to make themselves more proficient in scouting.

This year the volunteer response to training classes is larger than ever according to Miss Mabel Bunnecke, executive director at Casita Castana.

"Adult Girl Scouts (mostly mothers) who attend the orientation and class courses not only find them worthwhile instruction, but gain a new understanding of girls and have fun as well," Miss Bunnecke said. "She learns camping and related skills, games, songs, dances, troop organization, investiture, award and flag ceremonies, plus the badge requirements in various phases of Girl Scouting."

Classes will be held weekly throughout the area during the month of October, winding up with a "graduation" cook-out at the Twin Canyon day camp.

Volunteer trainers this year are Mrs. R. E. Nichols of Lafayette, Mrs. Wencel Smith of Orinda, Mrs. L. L. Powell of Walnut Creek, Mrs. E. H. Horton Jr. of Pleasant Hill and Mrs. M. W. Loveland of Orinda. Professional trainers from Casita Castana are Miss Mabel Bunnecke, Miss Elsie Buchwald and Mrs. J. Orr Kyle. Girl Scouts are a member agency of the United Crusade.

School Enrollment Is Over 100,000 in County

Contra Costa County public school enrollment for the first time exceeds the 100,000 mark, standing at 103,543 students in all grades from kindergarten through junior college.

This is a numerical increase of 5138 over last September and a percentage increase of 5.2, reports County Superintendent B. O. Wilson.

While the county rate of increase is lower than in other years, some areas continue to boom, such as Moraga District, where large-scale residential development by Utah Construction Company has helped to push up enrollment from 117 last September to 170, an increase of 45 per cent.

Other rapid growth occurred in the junior-senior high school grades of two unified districts—Mt. Diablo up from 7623 to 8874, or 16 per cent. Orinda Union District increased from 2673 to 2993, or 12 per cent. Acalanes Union High School District, Danville Union and Sheldon each experienced an 8 per cent growth.

Enrollment at Diablo Valley College went up 18 per cent from 1486 to 1739.

Pageant of Arts Benefit Is Sunday at Alamo Estate

"If it's a 'bali' you're wanting, then you'll be coming to the Diablo Pageant of Arts Benefit Party Sunday from 2 to 5 p.m. at the E. A. Cannon estate at the end of Hemme Avenue, Alamo," according to Charmian Stapler, committee chairman.

There will be gifts, refreshments and an art show in one of the most entrancing spots in this area, according to Mary Kwiat, program chairman.

Assisting in arrangements are Dr. and Mrs. D. S. Harris, Evadne Wenker, Geri Yuen, Alamo; Lorrain Myatt, Lucille Kent, Ruth Howard, Mayor and Mrs. William von Tagen, Walnut Creek.

The Diablo Pageant of Arts is an annual festival planned to celebrate the creative arts. Participants are invited from outside the areas to exhibit or perform in open competition with local artists for cash prizes which totaled over $600 last year.

The pageant committee has reserved all of the facilities at the Walnut Creek Recreation Center and City Park for the last week of May, 1959.

Tickets for the benefit party are available for $1 at the following locations: Orinda, Virginia Hammond's Dress Shop; Rheem Center, Bill's House of Beauty; Lafayette, The Frame House, Shoo-Time Shopping, Joe Idelson Enterprises and Orchard Nursery.

In Walnut Creek at The Diablo Club, Ben's Seven Arts Book Shop, Adobe Shop; Pleasant Hill, The Note Book; Danville, Lillian's Gift Box, and Alamo, Medical and Dental Center.

Committee Plans Oil Progress Week

The Oil Industry Committee of East Contra Costa County met Wednesday evening in the Sportsman's Club, Walnut Creek, to discuss plans for Oil Progress Week, October 12-18.

Chairman was Vern Axelson of Orinda and Charles L. Olson of Walnut Creek was in change of arrangements.

Local Men to Help Jubilee

Three area men are helping with arrangements for the Oakland Scottish Rites Diamond Jubilee Ball, to be held October 4 on Lake Merritt.

They are Earle Baer of 2255 Stone Valley Road, Alamo, Herbert Goranson of 222 Moraga Highway, Orinda, and Claude Cross of Pleasant Hill.

Striped 'Kitties' Are Quarantined

A quarantine order prohibiting the sale, gift or exchange of skunks was issued today by the County Health Department.

Dr. H. L. Blum, county health officer, said "The quarantine is necessary because of the widespread occurrence of rabid skunks within Contra Costa County and throughout the state.

"Skunks are our most frequent source of rabies and there is no satisfactory method for vaccinating them. Thus, they represent a series threat to the health of our citizens," he said.

According to Dr. Blum, recent investigations by the County Health Department showed that some skunks being offered for sale have been captured wild and that the origin of others was often unknown. Some were not deodorized.

Eight rabid skunks have been discovered throughout Contra Costa County this year. The last case was reported as recently as August 20.

Choral Begins Practices for Holiday Program

The Diablo Valley Choral has resumed weekly practices at the First Presbyterian Church, Walnut Creek. They are held on Wednesday mornings.

The choral members are working on their annual Christmas program.

After a practice September 10, a luncheon and business meeting was held at the home of Mrs. C. R. Smith of Las Trampas Road, Lafayette. Mesdames Smith, Ribert Murbach and G. H. Stratos were on the luncheon committee.

Double Session Classes Down; Orinda Is Up

Reduced double sessions in some school districts include:

Lafayette, 498 to 85; Mt. Diablo Unified, 1954 to 1631; Walnut Creek, 919 to 148.

Signup Date For Academy Exams is Near

Congressman John F. Baldwin announced that an examination will be given by the United States Civil Service Commission in the California Sixth Congressional District on November 17 for all young men interested in applying for admission to the United States Military Academy at West Point, the United States Naval Academy at Annapolis, the United States Air Force Academy at Colorado Springs, and the United States Merchant Marine Academy at Kings Point, New York.

The next classes to enter these academies will begin in July, 1959.

Baldwin stated that any young man in Solano or Contra Costa Counties who desires to make application for the 1959 class in any one of these academies should contact one of his two Congressional offices not later than October 14, in person, by letter, or by telephone.

His two Congressional offices are located at 447 Tenth Street, Richmond, and at Two Florida Street, Vallejo.

Applicants for these academies must, as of July 1, 1959, be not less than seventeen and not more than twenty-two years of age. Applicants must be unmarried and must be scheduled to complete their high school courses prior to July 1, 1959.

Caution On Highways Asked By PTA Head

An appeal to drivers and to parents to make highways as safe as possible for children has been issued by Rose Hawkins, safety chairman for the PTA 32nd District.

"School bus curtailment has undoubtedly meant that more children are faced by traffic hazards on their way to and from school," Mrs. Hawkins said.

"Many PTAs and improvement clubs are now working to create walkways to get children off highways, forming car pools, and seeking other solutions to the problem.

"Meanwhile, however, the dangers of walking on the highway continue to threaten the lives of our children. We urge all drivers to be twice as cautious as ever before.

"The situation calls for not only extra care on the part of drivers, but on the part of children, too. Parents should teach their youngsters to fear automobiles, and to know that they can't depend on drivers to slow down or to stop.

"It is especially important that children find other places to play than on the main road."

Mrs. Hawkins urged property owners to cooperate with groups which seek the removal of plants and fences which force children to walk on highways.

"But the creation of better conditions for pedestrians is a long way off," she said. "Meanwhile, extra care on the part of motorists is necessary."

Lynn Hendrix Returns from 'Cloud Rim'

A singular honor most Girl Scouts long to achieve went to Lynn Hendrix, a senior Scout of Sun Valley, who was chosen to attend "Cloud Rim," the regional Girl Scout Encampment in Utah this summer.

Lynn, who is 16 and goes to Pleasant Hill High school, returns to report two wonderful weeks of camping out in the Wasatch mountains by the side of a beautiful lake at 9000 feet altitude.

Because Lynn has proved herself an exceptional Girl Scout for almost 10 years she was selected to go with 22 other girls from all over California.

While there the Girl Scouts lived a complete outdoor life—hiking, boating, cooking outside, making and lashing their own furniture and exploring rock formation under the direction of a geologist.

At the closing of camp the girls had one day sight-seeing Salt Lake City.

The atom tests fuels for S. P.

CAUTION RADIATION AREA

One of the most important jobs we have at Southern Pacific is keeping our fleet of 2,000 diesel locomotives operating at peak efficiency. Recently we equipped two locomotives for standing tests with "hot" or radioactive piston rings. Geiger tubes count the particles of metal worn off the rings. As a result, we're now getting information in *6 to 8 hours* that ordinary tests could give us only after *1 to 2 years*. These tests, conducted jointly with Standard Oil Company of California, tell us the effects of different fuels, lubricants and improved engine parts on engine operation and wear.

Here is another example of how S. P. makes use of the latest developments in science to provide better, more dependable transportation—a complete, modern service that we'd like to have you try.

The 8-state Golden Empire served by Southern Pacific is one of the fastest-growing and most productive areas in the U. S. It is our job to match this vitality with dynamic, resourceful transportation service.

Demo Drive Will Begin This Weekend

State Senator George Miller Jr. and Assemblyman S. C. "Brick" Masterson will join thousands of Democrats throughout California, soliciting Dollars-for-Democrats this weekend.

According to Mrs. Patricia Silva, chairman of this year's Dollars-for-Democrats Drive in Contra Costa County, Senator Miller, Assemblyman Masterson, Congressional Candidate Howard Jewell and Tenth District Assembly Candidate Jerry Waldie will be ringing Democratic doorbells during the fund drive. Some 500 other organized Democrats throughout Contra Costa County will take part.

Funds collected during the drive will be used by the United Democratic Fund of Contra Costa County to promote the candidacies both of local and of statewide Democratic candidates.

Karen Elizabeth Marlette Tells Of Engagement

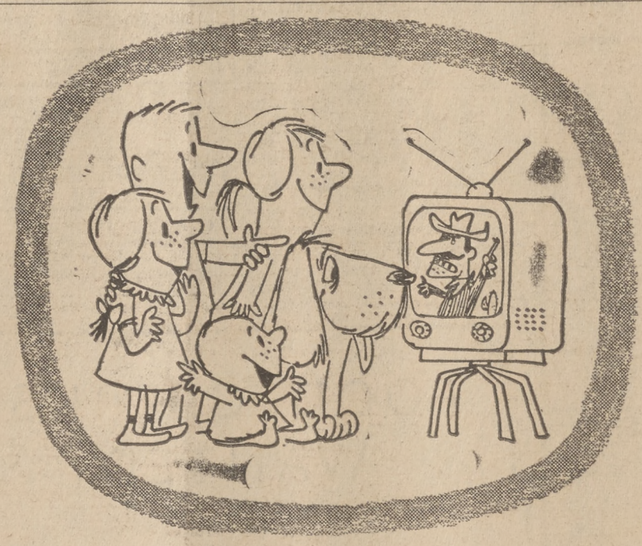
The engagement of Karen Elizabeth Marlette and Joe Benton Smith, both of Pleasant Hill, has been announced.

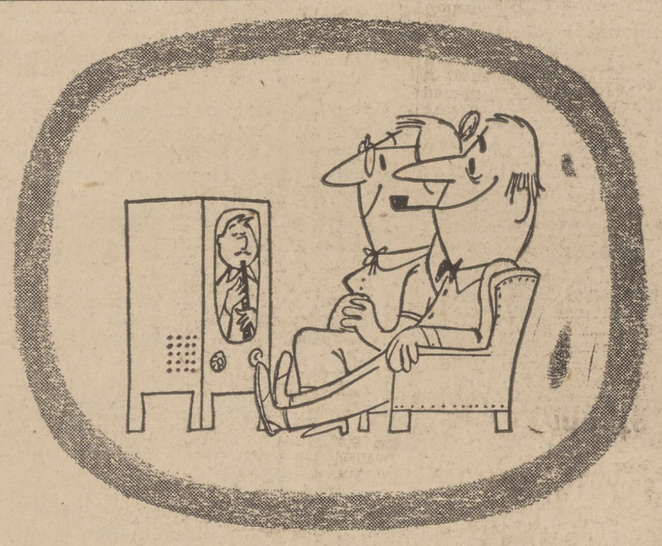
No date has been set for the wedding. They plan to live in this area.

Karen and Joe both graduated from Pleasant Hill High School in 1956. She has been working in San Francisco, and Joe has been working in the editorial department of the San Francisco Chronicle.

A dinner party was held for them at the home of Karen's parents, Mr. and Mrs. William G. Marlette of 119 Moiso Lane, Pleasant Hill, last Sunday.

Mr. Smith is a Coast Guard veteran.





TV's MORE FUN WITH ANOTHER ONE

There are them that likes Horse Operas. But Mom and Dad may fancy something less wild 'n wooly. Where to turn? Another TV solves the problem! Move the old set to the children's room then treat yourself to a new "Slenderized" television set.

These trim new models are no deeper than most bookcases... and full of wonderful improvements: things like automatic stay-set tuning, wider angle pictures, Hi-Fi sound. They're much easier on the eyes, too!
